

About us.

Nikola Tesla said:

"Man is a perfect machine."

And we would add, and God knows better than anyone, that humans are also the pilots of a perfect spaceship. They surpass all other creatures in their ability to traverse time portals at perfect speed.

Model of a Country, is also a :

A dashboard, time portals, for traveling through time.

For every human being, and for every Country, and allowing them to pilot this spaceship and accomplish this journey.
